Exclusive Lyster Care is a well-balanced complete feed with a high energy content. This is ideal food for cats with sensitive skin, active cats and cats that need to gain weight.

RICH IN MINERALS FOR HEALTHY BONES AND TEETH

- Contains the right balance of calcium and phosphorus to strengthen bones and teeth.

HEALTHY, SHINY COAT

- Optimal levels of fatty acids Omega-3 and Omega-6 to support the condition of the skin and coat.
- Enriched with copper to stimulate enzymes which maintain the colour of the coat.
- Suitable for cats with sensitive skin.

HIGH ENERGY CONTENT

- Provides a calorie supply suited to very high energy needs.
- High quality, easily digestible ingredients.
- More energy and high digestibility means smaller feeding portions.

HELP PREVENT HAIRBALLS

- Contains natural fibre to help prevent hairballs forming in the intestinal tract.

SUPPORTS IMMUNITY

- Optimal content of fatty acids Omega-3 and Omega-6.
- Enriched with vitamins A and E.

OPTIMAL TAURINE CONTENT

- Taurine is an essential amino acid that cats don't produce themselves, it promotes eye health and a healthy heart.
- Contains chicken which is naturally rich in taurine.
- Enriched with extra taurine to guarantee the right level for your cat.

PROMOTES A HEALTHY STOMACH

- Contains fructo-oligosaccharides and yeast which favour 'good' bacteria in the stomach and reduce the risk of soft stool.
- Contains lecithin to increase digestibility of fats.

CONTAINS YUCCA EXTRACT

- Yucca saponins have ammonia-binding activity. When added to the diet, yucca saponins pass through the digestive tract unabsorbed and are excreted in the faeces. In the excreta, the yucca components bind to ammonia and certain other odorous compounds and prevent them from being released into the air.

AVAILABLE: 2 & 7 kg

COMPLETE FEED FOR CATS.
